Use this course planning guide to list all courses taken and proposed for degree completion. Courses should be listed as 'CIS 501' or 'EAS 545-001', no course titles. If you are completing a CPT Summer internship, place 'EAS 897' as the only Summer course. Similarly, for Fall, place 'EAS 895' as the only Fall course. Students should not be enrolled in additional classes at Penn during CPT and AFS. Students completing one master's degree should graduate within two years. Dual degree master's students should graduate within three years.

**Please note:** students completing a single master's degree may use their second summer to finish up any remaining CUs required for graduation.
